NEW YEAR DISCO BALL SALAD PLATE

MATERIALS

- DB21427 Coupe Salad Plate
- Liner Brush
- Small Brush
- NCR Pattern
- Ball Point Pen

COLORS

- CMM 19 - Banana Boat
- CMM 93 - London Fog
- CMM 44 - Battleship
- CMM 70 - Star Dust
- CMM 67 - Snowflake

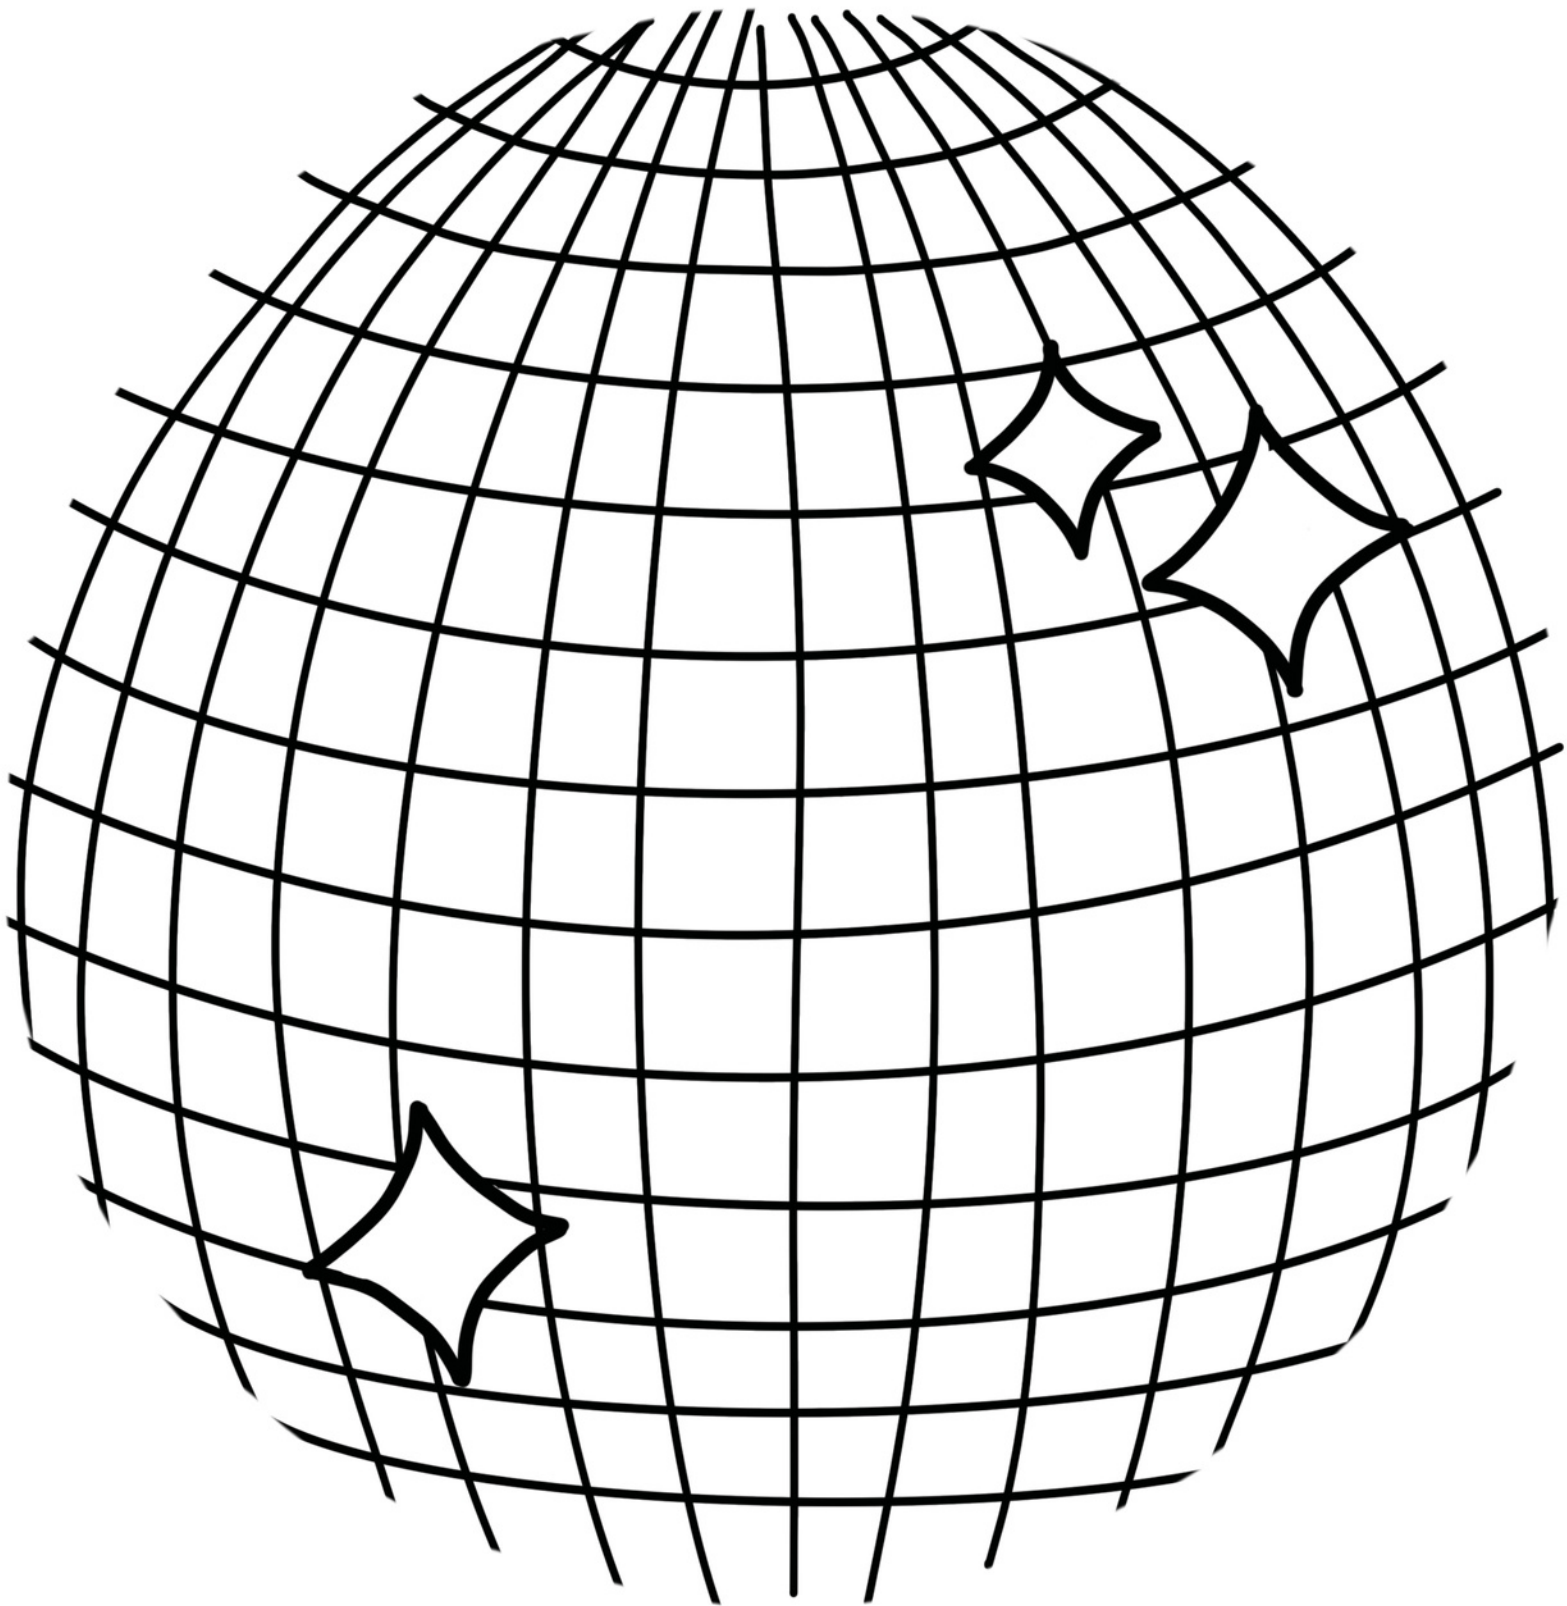

INSTRUCTIONS

1. Trace the NCR pattern to the top of the plate by pressing firmly with the pen as you trace over the lines.
2. Thin down your colors with 50% paint to 50% water.
3. Fill in the twinkles with one heavy coat of the watered down Banana Boat. To do this, load up the liner brush with a heavy amount of paint. Drop a ball of paint into the twinkle and move the paint around. Load up the brush as needed until the space is filled in with a heavy layer.
4. Repeat the technique in step 3 to fill in the squares. Alternate between London Fog, Battleship, and Star Dust.
5. When the squares are dry, use the liner brush to sweep in lines of Snowflake randomly on the lines between the squares.

TIPS

- Fill in the sections with a heavy layer of the watered down paint. This will allow it to fill in without having to brush on 3 layers.
- When applying the white lines, don't trace each line completely, they should be broken and random.
